AI COMMUNICATION SIMULATOR

Help students walk into the interview ready.

Ovation gives students a realistic place to answer questions, build composure, get feedback, and practice again before the opportunity is on the line.

WHY OVATION

Make interview practice easier to access and improve.

Conversations that feel real

Responsive AI interviewers ask natural follow-ups and keep students thinking on their feet.

Room to repeat

Students practice independently and return as often as needed, without scheduling another mock interview.

Feedback for the next attempt

Recordings, transcripts, and delivery feedback show students what to keep and what to improve.

CAREER READINESS

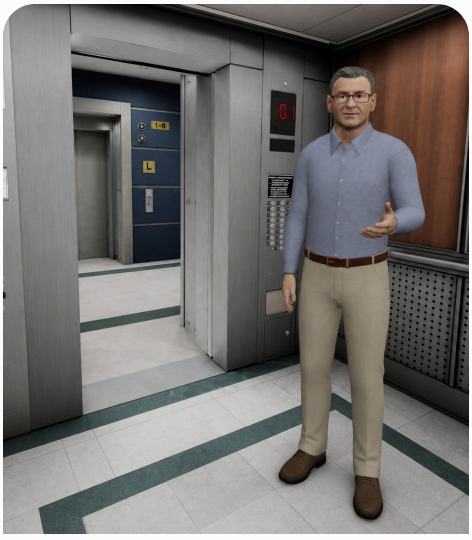
One platform. More ways to prepare.

One-on-one interviews

Practice behavioral and role-specific questions with a responsive interviewer.

Panel interviews

Build composure while answering multiple interviewers and adapting to changing dynamics.



Elevator pitches

Refine the concise introduction used at career fairs and networking events.

Turn mock interviews into a repeatable readiness program.

Career teams shape the assignment. Students practice independently. Ovation returns recordings, transcripts, feedback, and progress data.

HOW IT WORKS

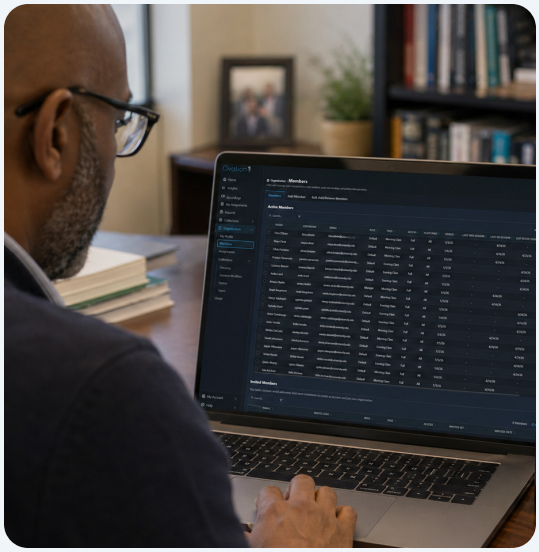
From preparation to improvement.

01 Define the goal
Choose the skill, interview format, audience, and success criteria.

02 Build the assignment
Set the scenario, AI personas, challenge, and evaluation criteria.

03 Students practice
Students practice with responsive AI interviewers and return as needed.

04 Review the evidence
Review recordings, transcripts, feedback, and progress to guide the next step.



PROGRAM INSIGHT

Scale practice without losing visibility.

Monitor participation
Track submissions, practice time, and participation across cohorts and programs.

Focus advisor follow-up
Use completion status, feedback, and progress to identify students who need more practice or coaching.

Connect practice with outcomes
Compare Ovation participation with interview, internship, and job offers to evaluate program impact over time.

FLEXIBLE ACCESS

The right experience for every student.

Web
Browser access on computers, tablets, and phones.

Desktop
Dedicated app for Windows and Mac.

VR
The most immersive way to practice.
