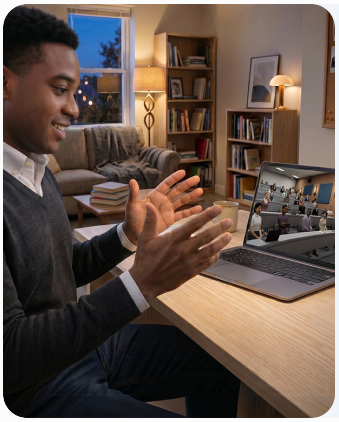
AI COMMUNICATION SIMULATOR

Move speaking practice beyond the classroom.



Students navigate realistic conversations with responsive AI avatars, receive immediate feedback, and try again.

WHY OVATION

Confidence grows with every conversation

Conversations that feel real

Students navigate natural responses, changing dynamics, and authentic pressure across presentations, interviews, and difficult conversations.

Room to repeat and improve

Students complete simulations independently and as often as needed, without taking additional class time.

Feedback faculty can shape

Faculty select the skills to evaluate. Students receive immediate coaching, and faculty can review progress without observing every session.

ACROSS CAMPUS

One platform. Many communication moments.

From learning objective to evidence of progress

Faculty shape the assignment. Students complete it independently. Ovation returns feedback and progress data.

HOW IT WORKS

A simple path from assignment to improvement.

01 Set the goal
Choose the skill, audience, and success criteria.

02 Build the assignment
Customize the scenario, AI personas, challenge, objectives, and feedback.

03 Students complete it
Learners speak with responsive avatars independently and return as needed.

04 Review the results
See recordings, transcripts, feedback, and progress, then refine the next assignment.

TWO FAST WAYS TO BUILD

Less setup. More practice.

Assignment Marketplace
Explore ready made Ovation assignments and faculty-shared work from your organization and beyond. Preview, copy and customize for your own course.

AI Assignment Wizard
Describe what students should practice. The AI Wizard builds a complete, editable assignment in seconds for you to review and refine.

FLEXIBLE ACCESS

The right experience for every learner.

Web
Browser access on computers, tablets, and phones.

Desktop
Dedicated app for Windows and Mac.

VR
Fully immersive simulation.

Explore Ovation at your institution
Wherever students need repeatable communication practice.
